Minutes from the School Council Meeting

- Councillors were congratulated for their election success
- Councillors introduced themselves to one another
- Sixth form representatives were welcomed to the council

Issues Resolved

- 1) Charity fundraising for 2015/2016

The organisation of school fundraising was discussed.

- a. School should raise money throughout the year for one or several charities?
- b. What type of charity should KTS raise money for – International, national, or local
- c. Should decisions on charity support be made on an ad-hoc basis.

Different scenarios were debated and put to the vote

The school council unanimously voted to support one charity per term (3 in the course of a year). Support for charities should be split between one large/international, medium, and local throughout the year. Voted for 21-8.
