Minutes from the School Council Meeting

Issues Resolved

As an after school detention people should be given gloves to clean up gum under tables - that way less people would want detentions

Stricter rules on gum such as referrals

Harsher gum duty

Minutes and Feedback from the School Council Meeting – to complete with forms

Proposal/idea	Decision
Sanctions for chewing gum should be tougher (e.g. gum duty for students caught chewing) to prevent gum pollution around school	Harsher rules on gum duty e.g. referrals and forced to clean up gum after school.

Proposal/idea	Decision
The school should run a whole school 'arts day' in the summer to complement sports day	Mainly positive feedback but should only be for years 7-9 and be in a different term as sports day. Also proposed was that we have an arts and sports week and sports day would fall within that week.
